### **3. yDNA Study**

**The yDNA Study for the Pincombe/Pinkham family continues to be an evolving study with a few new people having joined with autosomal results. With five descendants of the Robert Pincombe/Elizabeth Rowcliffe currently in the study it is possible to link individuals to the Bishops Nympton Pincombe family if they match any or all of these individuals.**

**I will report at a longer length in the next newsletter which will be published the 1<sup>st</sup> of June 2016.**

**Any material which you may wish to submit for the newsletter can be sent to**
