1. Discussion: The Book

Not much work done on the Pincombe book these past months although I think I can see a return early in the New Year.

2. DNA and its value in the study

I continue deferring any discussion on Y-DNA within the study and that will continue until I complete the book likely. Another member of the Y-DNA project also has some interest and when time permits I will write back to him to discuss the possibility of a joint effort discussing the Y-DNA within the Pincombe-Pinkham study.

3. Bishops Nympton Baptisms, transcribed by the author from the fiche of the original registers purchased in 2008
