- 1. Pincombe Charts, original One-Name Study at the Guild of One-Name Studies**

These Pincombe Charts were created by the two researchers in the original One-name-study at the Guild of one-name-studies. I reprint them with the thought in mind that others could add to the knowledge of these charts. I have reworked some of them and will publish that information when complete. I am republishing the North and South Molton chart as it is referred to in the Will of John Pincombe of South Molton.

<http://www.kipp-blake-families.ca/Chart1-2.jpg>

These tables represent many years of work at the record offices and Richard Pinkham was a physician and able to make contact with some of the Pincombe families living in Devon. The names seen on these charts usually in the top corners are individuals who provided information for that particular chart. I do remind other researchers that there are discrepancies in these charts and I would appreciate knowing of any that you may find so that eventually a corrected chart will be published.

John Pincombe in this will names his wife as Anie Pincombe, his son as John Pincombe and that his father is still living. He says that he is a merchant at South Molton, Devon.

The North Molton and South Molton chart produced by the original researchers at the Guild of one name study has been published in Pincombe-Pinkham newsletter Volume 1 Issue 4:

<http://kippeeb.blogspot.ca/2016/09/pincombe-pinkham-newsletter-volume-1.html>

And republished in this issue. The link for this particular chart since it is impossible to actually read the chart from the newsletter:

<http://www.kipp-blake-families.ca/Chart1-2.jpg>

This chart names this particular John Pyncombe as the husband of Amy Dodridge. It gives a year of birth for John Pyncombe of 1575 and that they have a son John Pincombe born circa 1596 and that he was buried circa 1665 and had married Mary Carew. It also names his sister as Helen baptized 29 Mar 1577 at Chittle Hampton and that the father of these children was Richard Pincombe who married circa 1574. He in turned being named as a son of John Pincombe born circa 1526 at South Molton and again being the son of a John Pincombe born circa 1501 at South Molton with a brother Christopher also born at South Molton. Both of these children are named as the sons of John Pyncombe. This John Pyncombe is said to have a brother Thomas Pyncombe born circa 1481 who lived at North Molton and Filleigh and was the father of William Pyncombe born circa 1506 and married to (unknown) Snowe (lived at East Buckland and North Molton). Both of these children named as son of an (unknown) Pyncombe who lived at North Molton. I would only mention that the Thomas Pyncombe who lived at North Molton and Filleigh is presumed to be my ancestor and has been discussed earlier so will leave any discussion on this individual to another time.

Returning to the testator, John Pincombe and I would mention that I have not been able to find his will online at the Record Office. I downloaded it in 2006 and probably have not looked for it online anytime since then.

Do I agree with the line that is given to the testator? If I look at the tax records for Pincombe/Pencombe/Pyncombe in the 1500s I discover the following:

The Tax Rolls for Devon 1544-1545 have 9 Pencombe/Pincombe/Pinkcombe/Pynkeham listings including

Alice (widow of Thomas) Pencombe North Molton Parish £5

Christopher Pyncombe South Molton Parish £10

John Pencombe North Molton Parish £4

John Pyncombe South Molton Parish £13

Philip Pynkeham Tawstock Parish £8

Richard Pencombe Bedeford Parish £5

Richard Pencombe Kings Nympton Parish £1

Thomas Pencomb Estbuclond Parish (East Buckland) £9

William Pencombe North Molton Parish £6

This does not yield the expected Richard Pincombe as found by the earlier researchers at South Molton with son John Pincombe (grandson John Pincombe) and daughter Helen Pincombe. The only two Richard Pincombes are at Bideford and Kings Nympton. At South Molton there is a John Pyncombe and a Christopher Pyncombe. As I reconstructed the family tree I suggest that John and Christopher are brothers (and more discussion on the other Pincombe families found in the taxes another time.

The Tax Subsidy for 1581 lists 12 Pincombe heads including**Annis Pincombe (widow) Alwington Parish £4****Christopher Pincombe South Molton Parish £4****Edward Pencombe Tawstocke Parish £5****Emma Pyncombe (widow) North Molton Parish £3****John Pincombe South Molton Parish £4****John Pincombe (senior) South Molton Parish £12****John Pincomb (Esquire) Broadwood Kelleigh Parish £9****Richard Pincombe Bideford Parish £6****Richard Pincombe Yearnescombe Parish £3****Richard Pincombe Abbotsham Parish £8****William Pencombe East Buckland Parish £10****___therin Pincombe (widow) Bideford Parish £2**

By 1581 (almost forty years later) one finds at South Molton a Christopher Pincombe, a John Pincombe and a John Pincombe (senior). John Pincombe senior holds three times as much wealth as the other two Pincombes named. At this point I have made the assumption that John Pincombe (senior) was perhaps the John Pincombe found on the 1543-44 subsidy. Are John and Christopher both his sons or are they Christopher's sons or each of these earlier men has left a son each. The wealth does tend to make one wonder if both are the sons of Christopher perhaps now deceased. But it is interesting that there is not a Richard Pincombe holding land at South Molton in 1543-44 or 1581.

Who is the testator? He is likely part of the Pincombe family that descends from the earlier Pincombe at North Molton. One can conclude that given the proximity. He has property at George Nympton and that particular parish in 1581 has few entries paying subsidy: Philip Dobbe, Richard Greade, Richard Colman, Philip Beare, Agnes Harrys (widow), Mary Pearce (widow) and Philip Bennet. But this is another 12 years hence so one can not be positive about such a statement being true in 1593.

From the Devon Visitations of 1620, the following can be gleaned:

An Unknown Pyncombe (living at Northmolton) had come with the Lord Zouch about the beginning of the reign of Henry VII (1485) and that he married and had three sons Thomas (lived at Filleigh and later East Buckland), John and an (unknown) Pyncombe. Looking only at John Pyncombe the chart shows that he had sons John Pyncombe and Christopher Pyncombe both of Southmolton and each of them had a son John. That John Pyncombe married Amy daughter of Richard Doddridge. John and Amy had a son John Pyncombe who lived at Southmolton and was a student in the Middle Temple, London and was living in 1620.

The Visitation is generally thought to be accurate and this particular one was signed by William Pyncombe of Southmolton and East Buckland who had married Temperance Pollard. William was a Coroner in the County of Devon.

Given the information from the taxes and the Visitation the present testator would appear to be John Pyncombe son of John Pyncombe. Since the time frame on this chart is completed in 1620 and John the last mentioned Pyncombe in this line was a student in the Middle Temple and by his father's will alive in 1593 then he was born by 1593 although could be earlier but 27 is a reasonable age to be a student of the Middle Temple. That would give a birth year approximately to his

father of 1560 to early 1570s although could be earlier. Then his father John would be born circa 1640s to 1650s and that could also be earlier. That John is known to be the son of John Pyncombe whose father came to Northmolton in 1485. His possible year of birth then 1510 to 1520 but could have been earlier. That giving a year of birth to the son of the unknown Pyncombe arriving 1485 or later of 1490 to 1500 or earlier. This fits into a nice pattern and does match the Visitation and reasonable years of birth. In the 1540s tax subsidy there was a Christopher Pyncombe and a John Pyncombe in South Molton. These men would need to be at least 21 years of age at that time which would have one looking at the grandsons of the unknown Pyncombe arriving in 1485 or later and the sons of the same Pyncombe. I have opted to think that the men on the tax subsidy are the grandsons. Plus Alice (widow of Thomas Pencombe) is living in 1544 and perhaps she points to the name of the founder of the Pencombe family of North Molton as being Thomas. It is known he had a son Thomas who better fits into being the husband of Johane Pencombe whose will was blogged in Volume 1, Issue 1.

The Dodderidge family members mentioned in the will Pentecost, John, Joane and Dorothy were all siblings of his wife Amy Dodderidge Pincombe.

More later on this line of the family but the ancestral line I believe of this John Pincombe, the testator has now been established.

3. Autosomal DNA Study

The entire Pincombe DNA study at FT DNA includes 19 members of whom 12 have taken the Family Finder Test.

I continue to have matches that have proven to be most interesting in my Pincombe family line but primarily these new matches are in the line of the wife of my 2x great grandfather John Pincombe (emigrated to Canada in 1850/51).

I am still not yet ready to discuss the yDNA Pincombe-Pinkham family study.
