1. Pincombe Charts, original One-Name Study at the Guild of One-Name Studies

These Pincombe Charts were created by the two researchers in the original One-name-study at the Guild of one-name-studies. I reprint them with the thought in mind that others could add to the knowledge of these charts. I have reworked some of them and will publish that information when complete. I am publishing the chart for Stoke-in-Teignhead in this issue of the Pincombe-Pinkham Newsletter.

The link for the original chart (image below):

<http://www.kipp-blake-families.ca/Chart8.jpg>

This is not a set of Pincombe/Pinkham families that is familiar to me. Any information on any of these lines is most welcome and if you wish to write up an article on the family at Stoke-in-Teignhead it would be interesting to understand more about this line of the family. The number of contributors to this particular chart number six. We did not visit Stoke-in-Teignhead when we were in Devon in 2008 nor did we visit this area in 2016 when we were once again in Devon. Torquay, on the English Channel, is to the south of Stoke-in-Teignhead. We were in this area and also in Dartmoor National Park as well as Plymouth.

Ephriam Pincombe married to Mary Brown (of Ashburton) is mentioned at the top of this chart and also mentioned is their emigration to the American Colonies in 1620. I was not able to locate any information on this individual on Find My Past but in Family search there is mention of Ephriam Pinkham in Maine Vital Records between 1670 – 1921. A mystery which might get solved one day.

More work is needed on this chart to verify the entries and add new information.

The acknowledgements for this chart are found in the upper left hand corner mentioning the name of six individuals who have provided information to the original researchers.

These tables represent many years of work at the record offices by the two original Pincombe-Pinkham family researchers and Richard Pinkham was a physician and able to make contact with some of the Pincombe families living in Devon. The names seen on these charts usually in the top corners are individuals who provided information for that particular chart. In the case of charts from the United States, Galen Pinkham has contributed a great deal of information to the descendants of the Pincombe/Pinkham family and this information can be found on the charts which he produced. I do remind other researchers that there are discrepancies in these charts and I would appreciate knowing of any that you may find so that eventually a corrected chart will be published.

Robert Pincomb married Sarah Pearse 25 Sep 1701 at Oakford, Devon. He was of Brushford and she was of Bampton (Find My Past). Brushford is 11 miles (18 kilometres) southwest of Bishops Nympton.

I do pay close attention to the name Robert as my 3x great grandfather (born in 1775 at Bishops Nympton) was named Robert.

John Pincomb (son of Richard Pincomb and Francis Gill) at Bishops Nympton (christened there 9 Dec 1604) married Elizabeth Graddon 9 Feb 1640 at Roborough by Torrington, Devon. They had seven children including a Robert Pincomb (their youngest) who was baptized 5 Aug 1668 at Bishops Nympton. The Richard Pincomb mentioned as the husband of Francis Gill was first married to Ann (unknown) (Ann died in 1600, buried 3 May 1600 at Bishops Nympton). Richard and Ann Pincomb baptized a son William Pincombe 23 Mar 1599 at Bishops Nympton (my 8x great grandfather).

The Robert Pincomb mentioned in the above will said that he had four sisters and I have listed as his sister Johan Pincomb, Elizabeth Pincomb, Francis Pincomb, Emotte Pincomb and Grace Pincomb. The names mentioned in the will Elizabeth Pincomb, Maria Pincomb, Joanna Pincomb and Agness Pincomb. I have death dates for Frances in 1658, Emotte in 1692 and Grace in 1670.

The Chart that was produced for North and South Molton has a John Pincomb baptized 19 Jan 1622 at Bishops Nympton marrying Elizabeth (unknown) 1647 and the children listed for them are as mentioned above for John Pincomb and Elizabeth Graddon (namely Johan, John, Elizabeth, Frances, Emmott, and Robert (Grace is missing)). Robert is not shown as marrying but rather his brother John marries a Mary (unknown) and their children are listed as John, Robert (married to Sarah Pearse), Elizabeth, Mary, Jone, Abraham and Agnes. This is a good fit to the will mentioned above.

The North/South Molton chart (published in Volume 2 Issue 3 of the Pincombe-Pinkham Newsletter) lists Robert Pincombe as living at Bishops Nympton and marrying at Oakford. The marriage is correct but the original image has Robert Pincombe living at Brushford which is 18 kilometres from Bishops Nympton. This is certainly still a possibility if Robert was of Bishops Nympton since he would have only been 23 years of age at that time and could have been living at Brushford for some reason. In the will though he states that he is living at Bampton (his wife does appear to have her own property as mentioned in the will. In the 1678 Return for the restoration of St Pauls Cathedral there are no Pincomb names mentioned at Oakford, Brushford, or Bampton only Roborough, Bishops Nympton, and Merton. Robert could have been apprenticed at Brushford or living with one of his mother's relatives and we do have the name of an uncle David Bedow mentioned in the will. I was not able to pursue that surname to any interesting results to assist in this case yet.

3. Autosomal DNA Study

I continue to have new matches with autosomal DNA with my many Pincombe cousins. The autosomal matches are now taking me back to the late 1600s and I am working through a particular Pincombe line which is matched by one of my cousins to determine if the common ancestors for this particular match are John Pincombe and Johane Blackmore. Unfortunately it is not possible to share autosomal results online and still maintain privacy for the individuals in the various studies.

I am still not yet ready to discuss the yDNA Pincombe-Pinkham family study. I need to survey some of the yDNA projects to see what I can discover in terms of commonality of some of our results with geographical yDNA results. A lot of work has been done by the administrators of these particular yDNA haplogroup projects.

4. North Molton Parish Records (Part 10)

These baptismal records are transcribed from the fiche of the original Parish Records for North Molton, Devon. I have changed the orientation of the newsletter to make it easier to publish the transcriptions for North Molton directly from my Excel file.
