1. Pincombe Charts, original One-Name Study at the Guild of One-Name Studies

These Pincombe Charts were created by the two researchers in the original One-name-study at the Guild of one-name-studies. I reprint them with the thought in mind that others could add to the knowledge of these charts. I have reworked some of them and will publish that information when complete. I am publishing the chart for Bideford in this issue of the Pincombe-Pinkham Newsletter.

The link for the original chart (image below):

<http://www.kipp-blake-families.ca/Chart10.jpg>

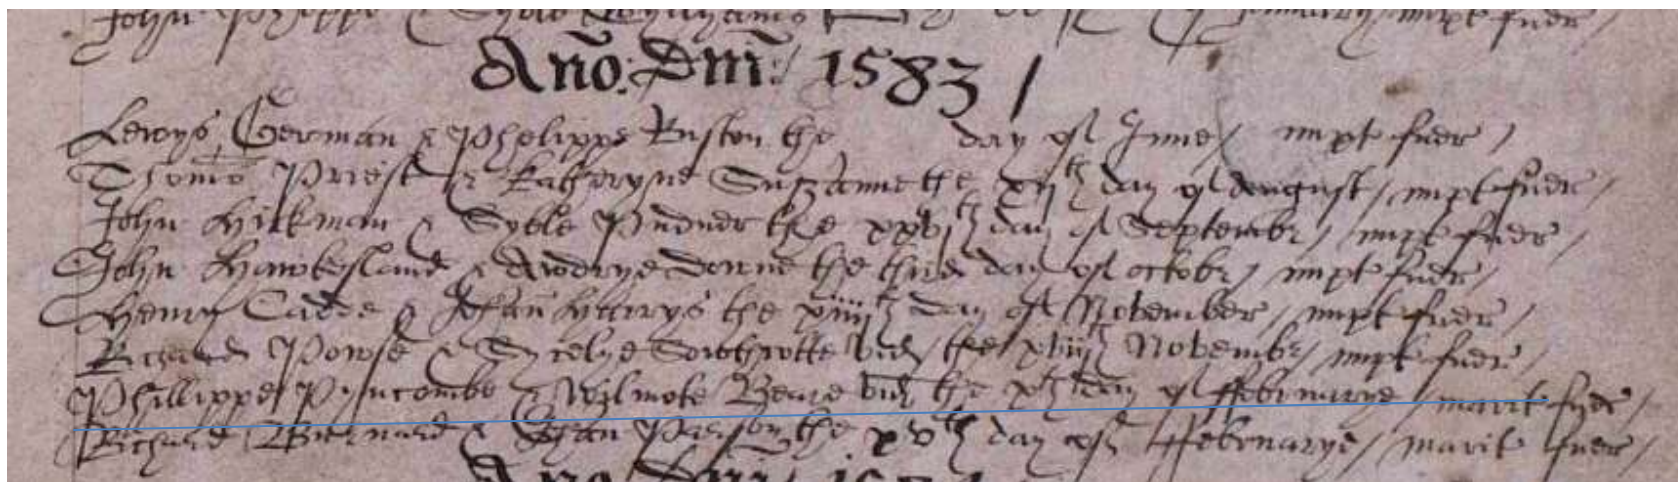

Any information on any of these lines is most welcome and if you wish to write up an article on the family at Bideford it would be interesting to understand more about this line of the family. More work is needed on this chart to verify the entries and add new information.

William Pincombe heads up this chart and I have done a little work on this early part of the chart. There is a will for a William Pynckham dated 1570 at Bideford (this will amongst others having been lost in the bombing of the Exeter Record Office during WWII). Other wills for a Richard Pyncombe dated 1592, a Peter Pyncombe dated 1622, Philip Pyncombe dated 1632, a William Pincombe dated 1641 and a Thomas Pincombe dated 1663 (there are more wills beyond this date at Bideford for the Pincombe family). The earliest Pinkham wills found were in the 1800s at Totnes and Dawlish. The loss of these wills is enormous with regard to tracing this family back in Devon to the North Molton area where they are found in the late 1400s. I will have a little to say about the use of yDNA and this family but still quite restrained as we simply need more testers before we can really look at this family line.

On the chart, William's son Phillippe Pincombe is said to have married Wilmote Beare 10 Feb 1583 and his will is perhaps the one dated 1632 at Bideford. Phillippe has two brothers (William Pincombe married to Johanne Pyne 31 Jan 1587 and Richard Pincombe married to Joan Row 27 May 1588). There is also one sister listed as Johane with the date 5 Oct 1566. This family is said to live at Bideford. I checked the records. There is a marriage between Phillippe Pyncombe and

Wilmote Beare on Family Search and the batch number M05032-1. This record also listed on Find My Past with one of the results leading to the image of the parish register for 1583 for Bideford.

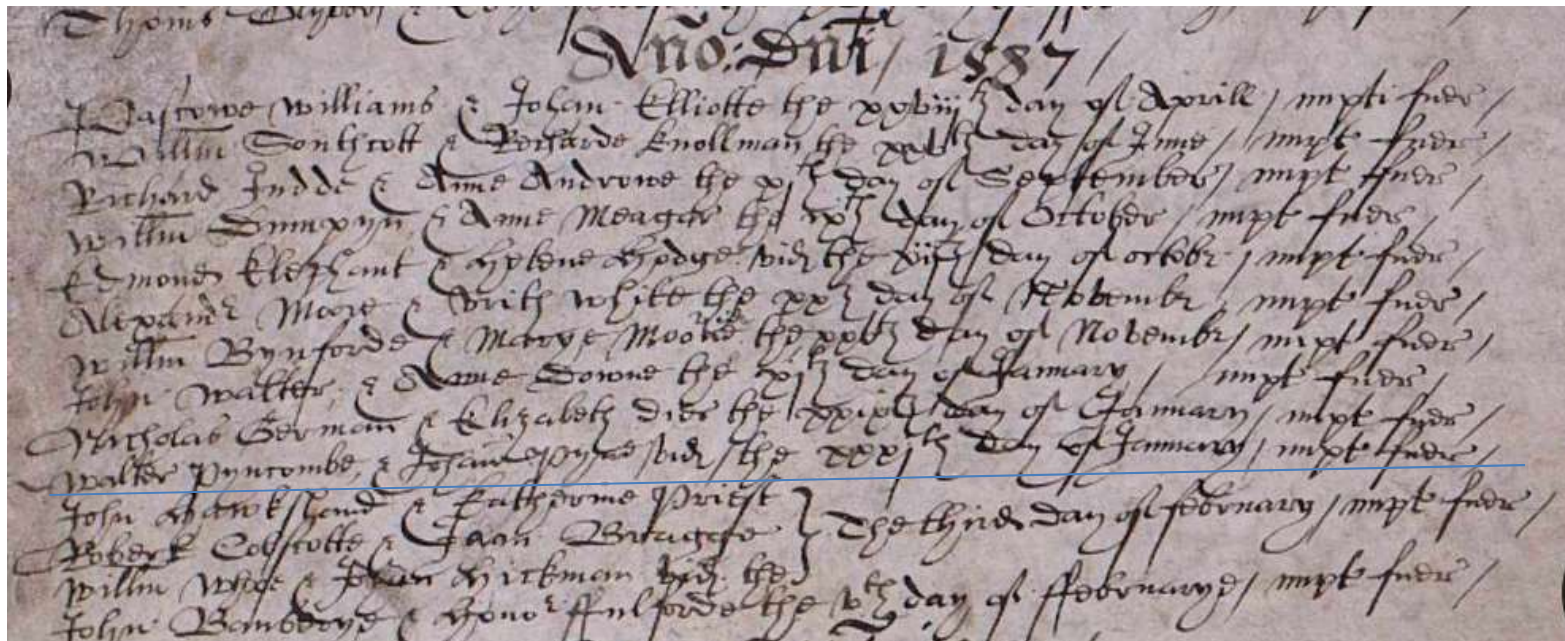

The records for Bideford at Find My Past do appear to begin in the 1580s. This Philip Pincombe would perhaps be 20 to 30 years when he married so born between 1553 and 1563. If his father left his will in 1570 then he may still have been a minor at his death.

The Tax Lists for Bideforde list Richard Pincombe G 6 living there in 1581 and a Richard Pyncombe left his will in Bideford in 1592 (burial register at Bideford lists his burial as the 7 Jun 1592). Richard Pincombe 6 0 is listed on the 1642 Assessment. Was William Pincombe [Pynckham] (heading up this chart) a son to a Richard Pincombe with William Pynckham dying young circa 1570? In the yDNA study one of the testers does trace back to the Pincombe family in the Barnstaple area. With that in mind I did check the Devon Visitations 1620 (with additions) and the

1602 will of William Blake of Filleigh and North Molton. Thus far it isn't possible to link these two families with a paper trail. I have images of early Pincombe documents and will move on to transcribing those once I have completed published the charts of the original research group and the wills which I have transcribed.

There is a marriage on Find My Past (again with an original image) for a Walter Pincombe and Johane Pyne 31 Jan 1587 at Bideford.

I plan to return to these charts and continue proving the lines down for these Pincombe/Pinkham families.

These tables represent many years of work at the record offices by the two original Pincombe-Pinkham family researchers and Richard Pinkham was a physician and able to make contact with some of the Pincombe families living in Devon. The names seen on these charts usually in the top corners are individuals who provided information for that particular chart. In the case of charts from the United States, Galen Pinkham has contributed a great deal of information to the descendants of the Pincombe/Pinkham family and this information can be found on the charts which he produced. I do remind other researchers that there are discrepancies in these charts and I would appreciate knowing of any that you may find so that eventually a corrected chart will be published.

The Robert Pincombe in this will is my 3x great grandfather. He lists seven of his eight children in his will and does not mention his deceased wife or deceased son William both having died in 1825 and 1823 respectively. My ancestor was his second eldest son John Pincombe and he received just five shillings. In his case he has already received his inheritance. The will links together Robert's brothers John and William and his brother in law Philip Rowcliffe. He does not mention his sister Grace married to Richard Headdon. This will was just something very nice to find as I already knew all of these details but having it in my records makes that obvious to anyone who picks up this research at a later date.

3. North Molton Parish Records (Part 11)

These baptismal records are transcribed from the fiche of the original Parish Records for North Molton, Devon. I have changed the orientation of the newsletter to make it easier to publish the transcriptions for North Molton directly from my Excel file.
